

Kerala Wing to hold education seminar on December 14

Recognised for its involvement in organising humanitarian, socio-cultural and educational activities in and around Muscat for the past several years, the Kerala Wing of Indian Social Club (ISC) is coming up with yet another vibrant idea of organizing an 'Education Seminar' to discuss in detail the pros and cons of educational system prevailing in the region with respect to the Indian

expat community living here and their association with the Indian Schools and other Educational Institutions in Oman.

"There are lot of issues pertaining to education and the educational system as a whole, and I think, we do not have enough as well as right platform to discuss the issues. We all are committed to our society, and as a matter of fact, it is high time

that we think of an opportunity to share our views on the subject, as the very basic of education is to share the knowledge. And, considering the importance of the subject matter, the Seminar will definitely witness substantial interrogation from the part of not just the students and parents, but people from all walks of life including educationalists and scholars etc," said Wilson

George, convener, Kerala Wing.

Scheduled to take place on December 14 at 6pm at ISC, Darsait, scholars from the field of both the formal and informal education are expected to attend the seminar besides teachers and parents of Indian schools in Oman.

The seminar will also discuss issues of infrastructure, safety and commuting.
